Student

📍Denizli, Turkey ✉ alperen703.akm@gmail.com 📞 +90-531-014-6762

I am a junior at Akdeniz University Computer Science and Engineering Department. I am interested in Game Development. I usually develop my projects in Java and Python languages and I develop for Android and web environments. Also, I am working with the OOP model. I am currently improving my skills in C#, Python, and PHP and interested in AI technologies.
